AUGUST 2017

AUGUST PROGRAM

Join Sherri Stauffer as she demonstrates how to make several decorative containers for gifting your jewelry.

Best of all, we'll make at least one container (maybe two!!) to take home. Instructions will be included so you can make more!

All supplies will be provided.

Abuakar (Pikari) Jawara will be selling his African Trade beads at the August meeting. He only comes once a year, at best.

He is one of the few vendors coming to our area – Please come & support him!

Susan Fincher will have the anodizer at the August general meeting for those with unfinished pieces from last month. She'll also bring tools and pre-anodized kits in case anyone needs to finish prepping pieces or wants more finished pieces to work with.

Thank you to Susan for providing an interesting & fun project last month!!
